Monster bookmark

Lucy loves to read but often forgets what page she was on! Let's make a simple bookmark that will help her. This one is easy and looks a bit like a monster!

Materials Needed:

- Chart Paper
- Glue
- Googly eyes
- Scale
- A piece of colored paper
- Black chart paper for teeth

Steps:

1

Take a piece of chart paper and draw a 10cm x 10cm square on it. Cut the paper into a square.

2

Fold the paper in half, as shown.

3

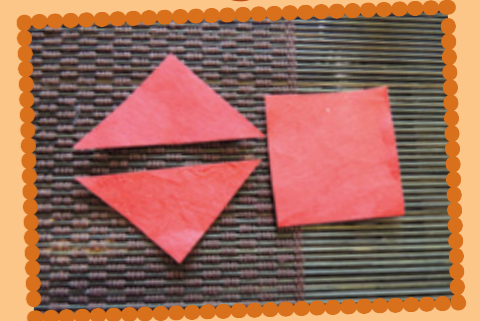

Fold it further into a smaller square.

4

Open up the square and fold one of the sides into a triangle shape.

5

Take the colored paper of your choice and cut two 4.5cm x 4.5cm squares. Cut one from the center to get two triangles.

6

Now, seal the bookmark by gluing together its open end. Next, apply glue on just one side of the triangle and stick it to the square, as shown.

7

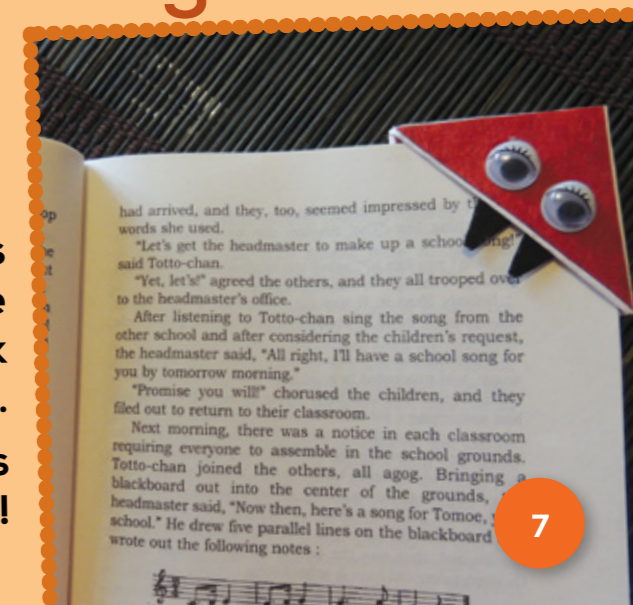

Paste the colored square paper on the back.

8

Stick the colored triangles on the front. This is what the front of the bookmark should look like.

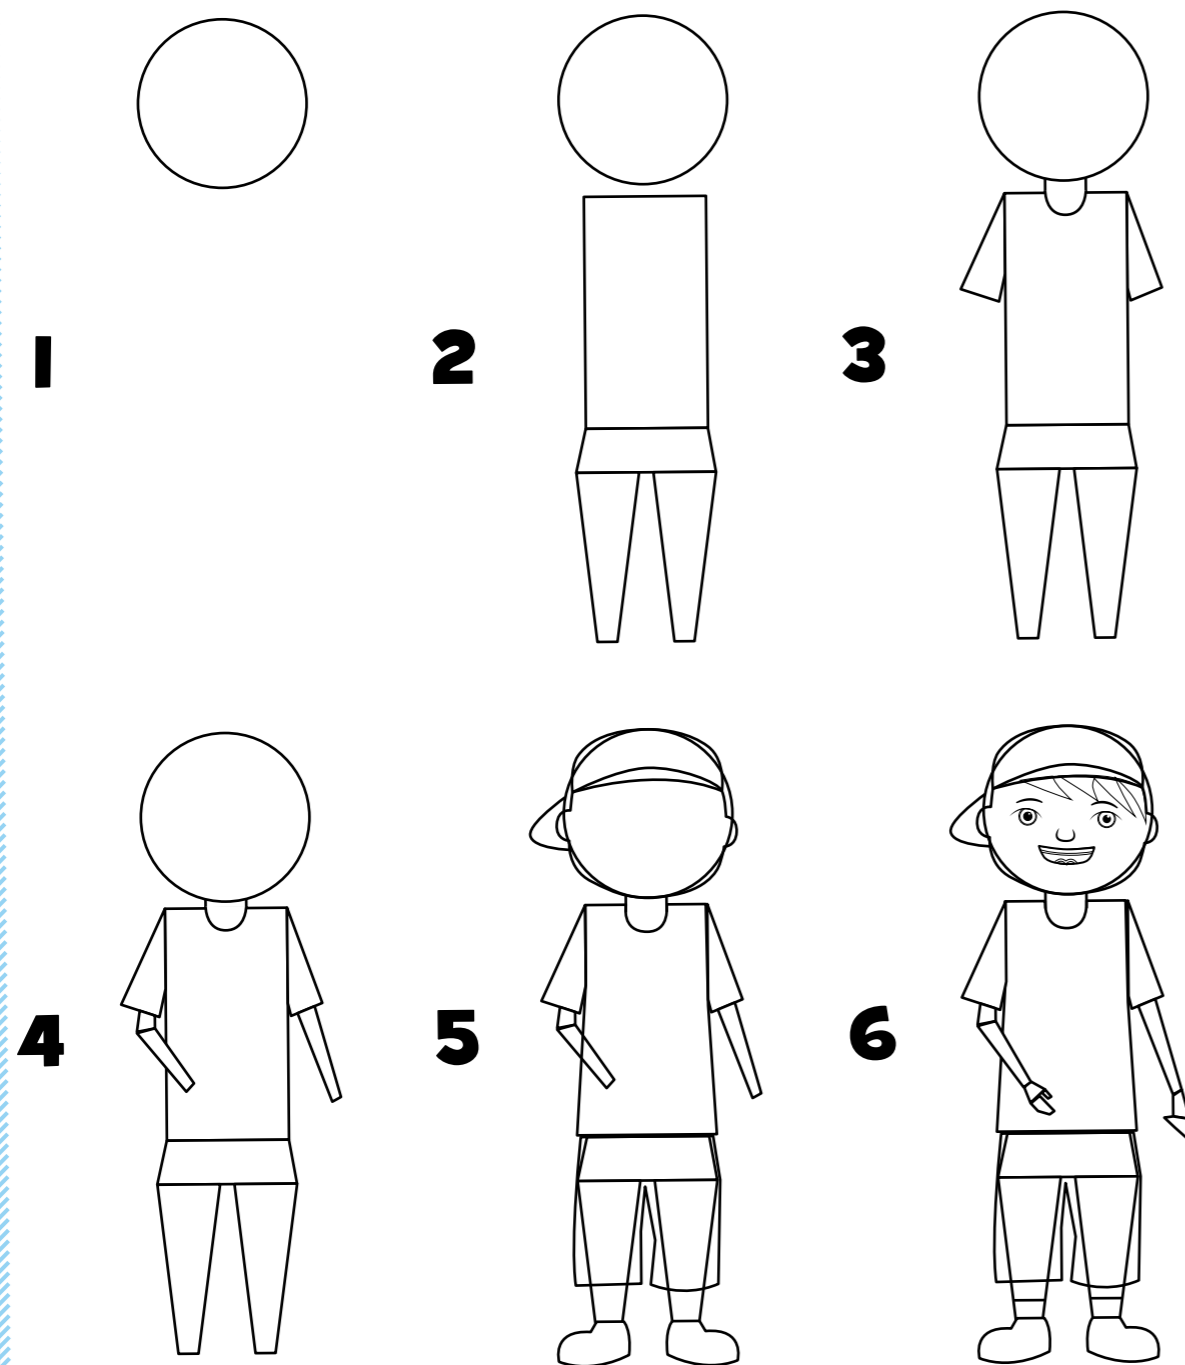

9

Cut two black, tiny triangles for the monster's teeth. Glue the googly eyes and the black teeth as shown.

Your monster bookmark is ready to use!

4

5 Use crayons, glitter or shapes made from colored sheets to decorate the semicircle.

Fingerprint fun

Our fingerprints are unique. Detectives look for fingerprints at a crime scene to catch the culprits. We can use our fingerprints to make fun art too!

Here is an interesting one.

What we need:

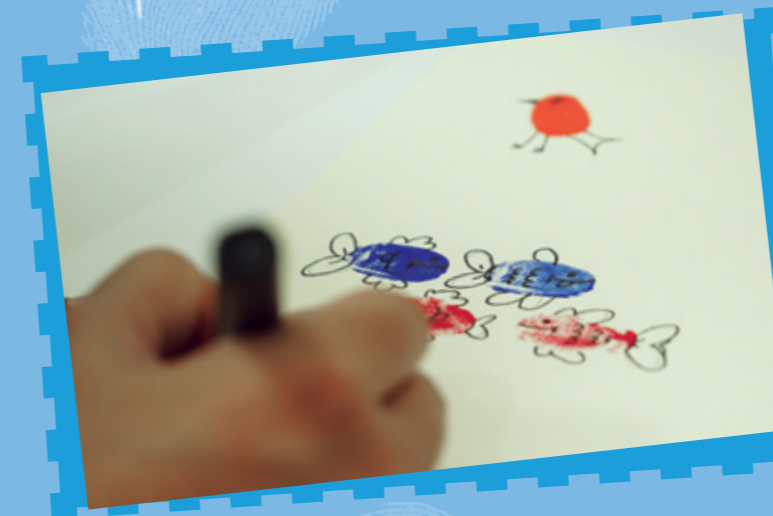

- Poster colors
- Paper
- Sketch pen/marker pen

Step 1

Dip your fingers in different poster colors.

Step 2

Press your fingers on the paper to create imprints.

Step 3

Use the sketch pen/marker to draw tails, fins, a mouth, eyes, etc. for any character of your imagination.

Step 4

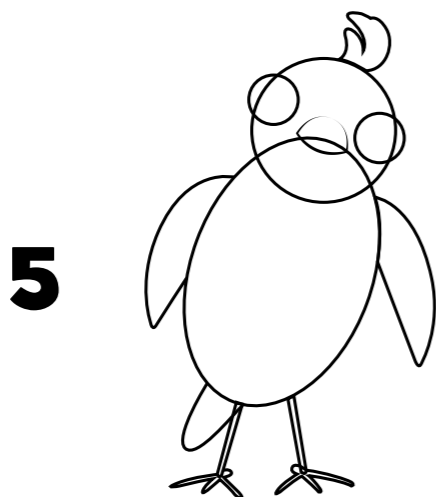

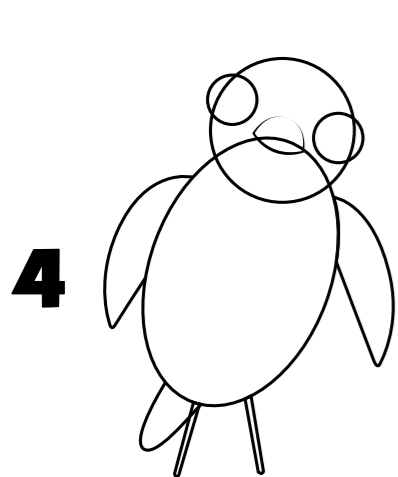

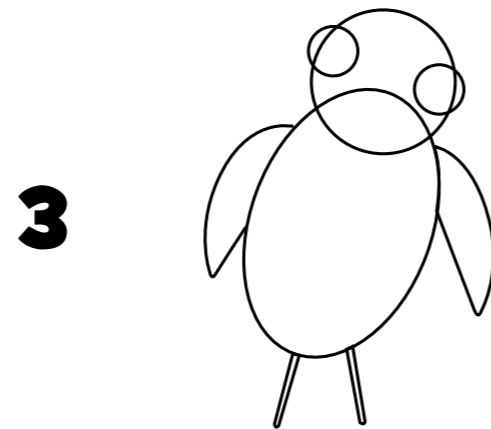

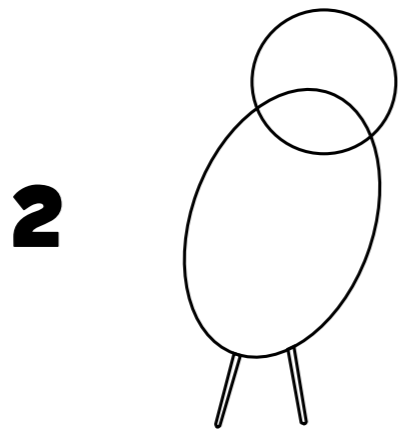

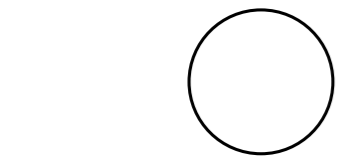

You can create birds and people in the same way. Just add a beak, or hair or legs and hands!

This was fun!
Hope you had fun too!
